Initial Order Process (New Fit to Bausch + Lomb Specialty Vision Products)

1. Contact Bausch + Lomb Specialty Vision Products with Rx, Ks, ADD powers, and HVID (if available). You can specify contact lens Rx or have our consultants calculate it for you from the spectacle Rx.
2. All single lenses feature a 120-day warranty. Reorder as necessary to achieve acceptable fit and vision.
The EZ-Exchange™ program allows you to make a lens exchange without returning the original lens. Simply contact Bausch + Lomb Specialty Vision Products with the new parameters and Rx. Your lens will be manufactured as a no-charge remake.
3. For quarterly replacement, order the 3-pack upgrade; for bi-monthly and monthly replacement, order the 5-pack upgrade.
An identical single lens must be purchased to order a 3-pack or 5-pack upgrade. Limit one 3-pack or 5-pack upgrade per single lens purchased. 3-packs and 5-packs are non-warranted and must be ordered within 120 days of initial order.

Annual Replacement Orders

1. If a lens parameter change is indicated, repeat the initial order process.
2. If no lens parameter change is indicated, order the singles, 4-packs, or 6-packs as appropriate for each lens replacement schedule. 4-packs and 6-packs are non-warranted.
